HARDY AZALEAS

HINO-CRIMSON. Our new bright crimson-red kurume that will not fade even in the brightest sun. Introduced in 1944 and fast taking the place of hinodegiri for it is hardier and has far better color both in flower and foliage which is a glossy dark green and turns an attractive bronze in winter. After blooming profusely in early Spring the plant will have occasional blooms thru the Summer into early Fall. Excellent for forcing.

VERTICAL YEW

— TALL — NARROW — HARDY —

Developed to replace troublesome Junipers, the rapidly overgrowing arborvitaes and the much less hardy Irish Yew. Use for accent, specimens, background. Excellent for hedges as it forms a compact, tight, narrow hedge - a living wall.

FLUSHING - Flushing Yew. Large, sturdy needles and strong growth make Flushing a rich, dark green column. Grades below - D, E, F

GRANDIFOLIA - Bigleaf Yew. Strong sturdy plant with long dark green needles. Rich and unusual. Grades below - B, C, D

PYRAMIDALIS - Pyramid Yew. Fast growing with vertical branches and graceful foliage. A rich, showy, full bushed pyramid. Grades below - A, C, D, G, H

ROBUSTA - Obelisk Yew. Similar to pyramidalis but with heavier branches and habit. Needles are large and glossy. Grades below - A, B, C, D, E

STRICTA - Narrowbush Yew. Compact, slower growing plant with short medium green needles. Grades below - B, C, D

VIRIDIS - Grassgreen Yew. Year-around fresh green color. Strong sturdy growth of vertical branches in slender habit make it one of the best. Grades below - A, B, C, D

★ ★ ★ INTRODUCING ★ ★ ★

BARBARA

(Azalea kaempferi Fedora - selected seedling)

★ Not Patented

- | | |
|------------------------|----------------------------|
| ★ Bright rose-pink | ★ Later than Fedora |
| ★ Large single trumpet | ★ Large, glossy dark green |
| ★ Hardy | ★ Compact, medium to tall |

Barbara has been a favorite from the start. Somehow we knew she would surpass Fedora and that is claiming a lot. Both the larger and brighter flower and the deeper green glossy foliage make Barbara an outstanding azalea.

\$4.25 per 10, \$35.00 per 100

NANCY

(Azalea Kaempferi Fedora x Kurume coral bells)

★ Not Patented

- | | |
|---------------------------|---------------------------|
| ★ Deep pink, hose in hose | ★ Large dark green leaves |
| ★ Large frilled trumpets | ★ Compact, medium height |
| ★ Hardy like Fedora | ★ Good forcer |

We've been watching Nancy for seven years and feel she is ready for her coming out. Nancy combines the hardiness of Fedora with the fine forcing characteristics of Coral bells. What more can we say.

\$4.25 per 10, \$35.00 per 100

WENDY

(Azalea Kaempferi Fedora x Ledifolia alba)

★ Not Patented

- | | |
|----------------------|------------------------|
| ★ Large single white | ★ Hardy - young or old |
| ★ Low and compact | ★ Pleasant rich green |

Last winter Wendy proved that she is what we hoped for -- a good hardy white similar to non hardy ledifolia alba. One year old plants in open field beds (lath shade 8 ft. overhead) with no wind protection suffered no splitting or bark peeling and bloomed better than we expected for such a hard open winter.

VUYKIANA HYBRIDS - New hardy evergreens with large trumpet flowers of pastel shades that bloom just as foliage appears. (per variety) .30 .25

BEETHOVEN - Frilled mauve, compact

MOZART - Large silvery pink, pretty

SHUBERT - Pink, good habit

WILHELMINA VUYK (PALESTRINA) - Large pure white spotted green on compact vigorous plant

BENI-KIRISHIMA. Very late large double orange-red. Low compact plant with dark evergreen foliage. .30 .25

GABLE HYBRIDS. Hybridized by Joseph Gable of Stewartstown, Pa., thru long years of meticulous work to find the hardiest and the most beautiful. Offered below are the hardiest of the hardy. From 2¼" pots. .30 .25

CAROL (B8G) Pure, very bright hose-in-hose pink like Caroline Gable but grows much lower and more compactly.

ELIZABETH GABLE (21G) Large single rose pink, truly evergreen with deep green foliage

F3G Hose-in-hose blood red. Plants dwarf to medium. Much like James Gable (F1G)

HERBERT (47G) - Large semi-double red-purple, frilled. Strong bloomer and grower. Very hardy.

LA LUMIERE (100G) Small single bright red. Rather slow growing plant with good habit.

LORNA (C8G) Beautiful deep pink, fully double flowers borne in profusion on a compact evergreen plant. Blooms last long without fading.

LOUISE GABLE (13G) - Large double deep salmon-pink satin textured flowers. Very hardy and very attractive.

MARYANN (38G) Clear double pink large flowers on a sturdy evergreen plant. Very hardy.

MILDRED MAE (69G) Large lavender flowers spotted bright red in the throat. Broad shapely plant with dense evergreen foliage. An early spectacle.

POLARIS (118G) Hose-in-hose pure white flowers somewhat larger than snow. Plants larger, more open.

ROSEBUD (B5G) Dwarf, almost miniature, with fully double soft rose pink blossoms that resemble small double roses especially when opening. Extremely floriferous and will not crowd the smallest garden. Grown from original stock plants from Mr. Gable who states there is another azalea on the market named Rosebud, not named by him, which is a faster, looser grower and may not be as hardy.

ROSE GREELEY (D3G) Pure white, hose-in-hose. Plant compact with good branching habit and hardy. The best white yet offered to replace snow, ledifolia alba.

IMPORTED STOCK

1YR GRAFTS FROM 3½" POTS

Again we will import from Holland carefully selected 1 yr grafts of hardy hybrid varieties. They will be received in December, potted in 3½" clay pots in a specially prepared Rhododendron soil and peat mixture and placed in a cool greenhouse for root development. There they will develop a firm root ball after which they will put on an initial growth. After frost danger the sashes from the house will be removed and replaced with lath shade. You will receive healthy, well developed, sturdy plants about 8-12", sufficiently hardened to permit outdoor planting under shade. **READY FOR SHIPMENT ABOUT MAY 15th.**

TERMS AND CONDITIONS OF SALE

5 AT 10 RATE - 50 AT 100 RATE - 500 AT 1,000 RATE

PRICES quoted herein cancel those in all previous lists, are subject to change without notice and are quoted to members of the trade only. Proof of such other than mere statement must be established.

TERMS to those with established credit are 2% 10, net 30 days from date of shipment or invoice which ever is later, packing charged at cost. All others are required to remit in full (**no discounts**) with the order for which we in turn will pack free of charges or to remit 50% (**no discounts**) with the order, the balance plus packing charges, to be paid C. O. D. 2% for cash on pick up orders.

(Please note: **Prepaid orders earn their discount in the form of packing without charge. No further discounts other than special offer discounts are acceptable.**

RATES: 5 to 49 of one species, variety and grade are priced each at the 10 rate, 50 or more at the 100 rate when listed and 500 or more at the 1000 rate when listed. Unless otherwise stated not less than 5 of any one species, variety and grade will be sold.

SHIPMENTS travel at the risk and cost of the purchaser and will be forwarded via railway express. Requests for parcel post shipment must be accompanied by sufficient postage (usually 10% - balance will be refunded). Truck deliveries at cost may be arranged. Orders may be picked up at the nursery by previous arrangement only.

As the stock permits, orders will be shipped in order of receipt. We can not guarantee prompt shipment of late orders. Order early.

CLAIMS for error or count must be made in writing within 10 days of receipt of shipment. Inspect damaged or overdue containers at time of receipt and obtain report from or initiate claim to the express agent. We cannot be responsible for any damage due to mishandling or delay enroute but offer every assistance in making claim to the forwarder.

GUARANTEE: We, John Vermeulen & Son, Inc., warrants to the extent of the purchase price that the nursery stock sold is true-to-name and as described within recognized tolerances. Seller gives no other or further warranty, express or implied, and will under no circumstances be liable for more than the invoice value at the time of purchase.

NOTICE: All stock is offered subject to prior sale. Orders will be accepted in order of receipt and only on condition that they may be voided due to crop failure, inclement weather, drought, fire, frost, strike, etc. We reserve the right to delay shipments to the best interest of the plants.

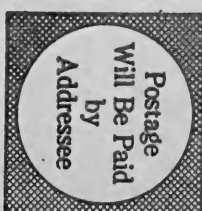

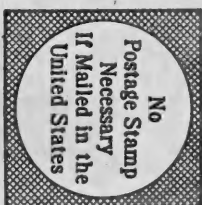

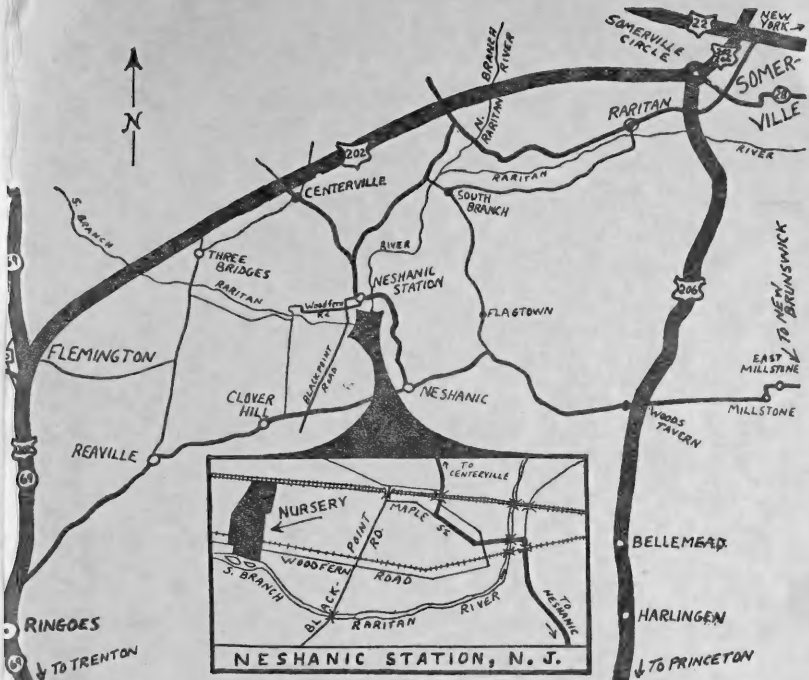

IS YOUR ADDRESS CORRECT?

If any changes are necessary, you can help us by making them on the address section of this catalog, clipping out the card and dropping it into the mail box. No stamp is required.

Perhaps you have no use for our catalogs and price lists. If so, we would appreciate your writing "Can't use 'em", "Don't want 'em", "File 13" or just plain "NO" across the address, clipping out the card and dropping it in the mail box. No stamp is required.

Thank you
